## Do's and Don'ts of the Sewer System

Just because the label says “flushable”, does not mean it is! Far too many items are being sent into our sewer system that are causing damage. This list is a guide and not meant to be an all-inclusive list. Besides the obvious, the **ONLY** thing that should be flushed is toilet paper!!!

The following items belong in the trash, **NOT** in the sewer system!

- ⇒ Feminine hygiene products
- ⇒ Condoms
- ⇒ Personal cleansing and baby wipes
- ⇒ Cleaning wipes
- ⇒ Paper towel
- ⇒ Hair
- ⇒ Dental floss
- ⇒ Q-tips
- ⇒ Grease
